Take a little walk with me
D D/F# G D
Let's go down to the ocean's shore
 A7 D
Take a little walk with me

Come with me to the slides and swings
Take a little walk with me
Stretch our legs and spread our wings
Take a little walk with me

Let's go down to a sunny zoo
Take a little walk with me
The monkeys there all look like you
Take a little walk with me

Come with me where the sky is blue
Take a little walk with me
The sun up there shines bright like you
Take a little walk with me

Come with me, take my hand
Take a little walk with me
Let's walk right across this land
Take a little walk with me

Hills and mountains, ponds and streams
Take a little walk with me
We'll tell the wind our hopes and dreams
Take a little walk with me

Come with me where the air is clean
Take a little walk with me
Hold my hand, feel the breeze
Take a little walk with me

Hold my hand, feel the breeze
Take a little walk with me
