

When I Get Bald (E)  
capo 3

When I get bald, there I'll be  
Out in the world, flying free  
Walking around with my head held high  
When I get bald, I won't be shy  
Might use my hair to make a nest  
For all the birds to take a rest  
The birds will sing, they'll squawk and squall  
Yes, I'll be loved when I get bald

When I get bald gonna have a ball  
Gonna wear big boots, wear overalls  
Gonna draw a face on the back of my head  
Gonna call that face Back Head Fred  
And me and Fred gonna look so sweet  
Gonna look both ways when we cross the street  
Me and Fred gonna stand real tall  
Gonna look real cool when I get bald

When I get bald gonna laugh with dad  
Gonna reminisce 'bout the hair we had  
Course I'll laugh more 'cuz it's understood  
Mine will be back, his is gone for good  
When I get bald I'll prove I can  
Show the world just who I am  
Let em look, let em stare  
At one brave kid who's got no hair

Let em look, let em stare  
At one brave kid who's got no hair
